

January 26, 2012

To the Village of Fishkill,

A preliminary evaluation letter regarding the sycamore tree was released without my authorization. Upon my inspection of the tree and the surrounding area, I revised the original report based on my observations.

A Red Cedar employee, Tom Theohary acted on his accord, disregarding the clear instruction to hand the report to me for review.

I reviewed, revised and signed the final document and sent it to the Village of Fishkill.

I apologize for any complications this has caused.

Thank you,

Steven Relyea
