Village of Fishkill Rain Barrel Building Workshop

Date: Thursday, October 11

Time: 6:00PM

Location: Sarah Taylor Park,
Old Main St., Fishkill, NY.

This workshop is being co-sponsored
by the Village of Fishkill.

Rain barrels capture runoff from rooftops during storms to use later to water your lawn or garden. Using a rain barrel can help save money on water bills, conserve water, and manage stormwater runoff. At this hands-on workshop, we will provide a 55-gallon food-grade plastic barrel and all the materials you need to build your own!

There is a \$45 fee and spaces are limited – please RSVP by contacting Angela Sullivan at acs26@cornell.edu or (845) 677-8223, extension 114.

Your spot in this workshop is not held until we receive your payment!
